

REPORT ON VISIT TO VENKAT SWITCHGEAR PVT LTD**ON 31st Jan 2024 @ 10:00 AM****Sub: Industrial Visit to Venkat Switchgears Pvt Ltd****Faculty Members in-charge: Prof. Raksha H V and Prof. Chitra J M****Total Strength of Students: 35**

The Industrial visit was held on 31st Jan 2024. The visit started at 9.45 AM from college premises and the students reached the venue at 10 AM. Students were welcomed by Mr. Sankeerth, who is the co-owner of the company.

35 Students of III semester MBA visited one of the fast-growing manufacturers of M.V switch gears, (i.e. VCB's and LBS) M.V and L.V Panels. With the expertise, the infrastructure and best business practices acting to its advantage, Venkat Switchgears has achieved extraordinary outputs in a short period of time.

The company started small in the year 2002 with a factory space of a small shed, over the years it has enhanced into a successfully functioning small scale industry, catering to the needs of electromechanical products of BESCOM. They produce 10 varieties of products including HT Panels, LT Panels & transformers.

Students were taken to the plant layout in 3 batches to get a better understanding of the process involved in the unit. Mr. Sankeerth gave a detailed description of each of the process involved in accomplishing the finished product. Students were inquisitive to know more about the manufacturing process.

The visit concluded at 11.30 AM with lot of beneficial information exchanged between the members of the industry and the students.

Areas Visited in VENKAT SWITCHGEAR PVT LTD.

1. Designing Layout
2. Pressing of Sheets
3. Fabricating
4. Grinding
5. Powder coating layout
6. 7 Tank Process Layout

Conclusion:

The industrial visit has given practical experience. On completion of the visit the students have learnt different activities that are managed in an industry outlook.

The words of the entrepreneur have imbibed the thoughts of entrepreneurship in the student's minds, and this will be a great opportunity for their career. Also, the welcoming approach of this industry has assured that the students can reach out to them for an opportunity with regards to the dissertation requirements of IV semester. Hence the students felt this industrial visit to be more useful and are looking forward for more such opportunities.
